Contents of Volume 3

Number 1

Editorial: Childhood diabetes—from impasse to epidemiology 1

From our own correspondents
Fumes from the spleen 4
Playing football 7
So what: Facts and fears 9

Study design
The study of risk habits in reproductive and perinatal epidemiologic research: the use of a donor inseminated population of women 11
B.M. van Noord-Zaadstra, J. Karbaat, E.R. te Velde, J.D.F. Habbema and P.J. van der Maas

Original articles
Pregnant women at work: rest periods to prevent preterm birth? 19
N. Mamelle, I. Bertucat and F. Munoz

Birthweight of single livebirths and weight specific early neonatal mortality in Hungary and Norway 29
Tor Bjerkedal, Andrew Czeizel and David W. Hosmer Jr

The Greek National Perinatal Survey. II: Socioeconomic factors and perinatal mortality in Greece 41
Chryssa Tzoumaka-Bakoula, Vasso Lekea-Karanika, N.S. Matsaniotis and Jean Golding

A prospective survey of necrotising enterocolitis in very low birthweight infants 53
Frans J. Walther, S. Pauline Verloove-Vanhorick, Ronald Brand and Jan H. Ruys

Changing incidence of neural tube defects in Aegean Turkey 62
Suat Çaglayan, Bülent Kayhan, Süreyya Menteşoğlu and Sadik Aksit

Childhood cancers and their association with pregnancy drugs and illnesses 66
Estelle A. Gilman, L. Margaret Kinnier Wilson, G.W. Kneale and J.A.H. Waterhouse

Book reviews 95

Correspondence: Neural tube defects and Chernobyl? 102

Literature reviews 28, 61, 94, 103

Society for Pediatric Epidemiologic Research A1

Number 2

Editorial: Postnatal depression and the child 105

From our own correspondents
Fumes from the spleen 109
The tail wags the perinatal dog or Beyond orthodox perinatal technology assessment 111
So what? Finding the time 113

Original articles
Comparison of the risk factors for pre-term delivery and intrauterine growth retardation 115
Tye E. Arbuckle and Gregory J. Sherman

Fumes from the spleen 109
The tail wags the perinatal dog or Beyond orthodox perinatal technology assessment 111
So what? Finding the time 113

Original articles
Comparison of the risk factors for pre-term delivery and intrauterine growth retardation 115
Tye E. Arbuckle and Gregory J. Sherman

Low blood manganese levels in Liverpool children with Perthes' disease 131
A.J. Hall, B.M. Margetts, D.J.P. Barker, H.P.J. Walsh, T.R. Redfern, J.F. Taylor, P. Dangerfield, H.T. Delves and I.L. Shuttler

To what extent would women prefer chorionic villus sampling to amniocentesis for prenatal diagnosis 137
Robert L. Bryce, Monica T. Bradley and Shelagh M. McCormick

Infant clothing, bedding and room heating in an area of high postneonatal mortality 146
E.A.s. Nelson and B.J. Taylor

Assessment of *in utero* hypoxia and risk of sudden infant death syndrome 157
Germaine M. Buck, Diane L. Cookfair, Arthur M. Michalek, Philip C. Nasca, Susan J. Standfast and Lowell E. Sever

Chilhood injuries: a population-based study of emergency room visits in Jerusalem 174
Rosa Gofin, Hava Palti, Bella Adler and Edet Edet

A hypothesis on the increasing rates of ectopic pregnancy 189
William H. James

Review: Growing up in the inner city: findings from the inner London longitudinal study 195
Barbara Maughan

Study in progress: Case control study of neural tube defects and periconceptional vitamin use 216

The conference scene: SER in Vancouver 217

Correspondence: Incidence of anencephaly in Elazig, Eastern Turkey 230

Book reviews 219

Literature reviews 130, 136, 156, 194, 229, 232

Announcement 218

Number 3

Invited annotation: What matters in developmental assessment? 233
Ronald Illingworth

From our own correspondents
Fumes from the spleen 242
So what? Listening and learning 245

Original articles
Frequency of and risk factors for allergy in primary school children: results of a population survey 248
Anna Maria Angioni, Giovanni Fanciulli and Carlo Corchia
Postneonatal mortality, sudden infant death syndrome: factors preventing the decline of infant mortality in France from 1979 to 1985 256
M.H. Bouvier-Colle, J. Inizan and E. Michel

Chlamydia trachomatis infection in late pregnancy: a prospective study 268
P.M. Preece, A. Ades, R.G. Thompson and J.H. Brooks

Recent trends in the prevalence and secondary prevention of Down's syndrome 278
David H. Stone, Kathryn Rosenburg and John Womersley

Perinatal mortality audit in a Zimbabwean district 284
X. De Muylder

Reflex anal dilatation: a clinical epidemiological evaluation 294
I.M. Harvey and W. Anthony Nowlan

Review: The Christchurch Child Development Study: a review of epidemiological findings 302
D.M. Fergusson, L.J. Horwood, F.T. Shannon and J.M. Lawton

Obituary: Margaret Ounsted—an appreciation 326

Book reviews 325, 333

Literature reviews 241, 247, 267, 277, 283, 301

Announcements 293, 345

Number 4

Invited annotation: (Mis)Understanding Cleveland: foundational issues and the sexual abuse of children 347
Ross Kessel

From our own correspondents
Fumes from the spleen 353
So what? Furtively phoning 355

Original articles
Association between low gynaecological age and preterm birth 357
Theresa O. Scholl, Mary L. Hediger, Ruth W. Salmon, Daniel H. Belsky and Isadore G. Ances

Subclinical amnionitis in patients with intact membranes in preterm labour 367
Muzehher Guvenc, Huseyin Guvenc, Lugen Cengiz, Tevfik Cengiz and Turhan Uslu

Postneonatal mortality in south New Zealand: necropsy data review 375
E.A.S. Nelson, S.M. Williams, B.J. Taylor, B. Morris and R.P.K. Ford

Problems in estimating the prevalence of epilepsy in children: the yield from different sources of information 386
Linda D. Cowan, Alan Leviton, John B. Bodensteiner and Leah Doherty.

Maternal thyroid disease and risk of birth defects in offspring: a population-based case-control study 402
Muin J. Khoury, José E. Becerra and Philip J. d'Almada

Time-trends in necropsy prevalence and birth prevalence of lung hypoplasia 421
Adrian C. Moessinger, Angelita Santiago, Nigel S. Paneth, Henry R. Rey, William A. Blanc and John M. Driscoll Jr

Classification of small-for-gestational age births: weight-by-gestation standards of second birth conditional on the size of the first 432
Rolv Skjaerven and Leiv S. Bakketeig

Acute abdominal pain and appendicitis in north east Thailand 448
W. Chatbanchai, A.J. Hedley, S.B.J. Ebrahim, S. Areemit, E.W. Hoskyns and F.T. de Dombal

Research protocol: European Longitudinal Study of Pregnancy and Childhood (ELSPAC) 460

Book reviews 431, 470

Correspondence: Ectopic pregnancies in women associated with the US armed forces 472
